Perio Master Clinic 2017 adopts innovative approach to scheduling where participants help shape presentations

Next year's EFP Perio Master Clinic 2017, "Peri-implantitis, from aetiology to treatment", features an innovative approach to scheduling in which participants can influence the presentations. When registering for the event, which takes place in Malta on March 3 and 4, participants are sent a questionnaire which asks them to indicate the topics that are most important to them. This feedback enables the expert speakers to tailor their presentations to the specific interests of the audience.

Top-notch scientific programme offers in-depth sessions on how to respond to challenge of peri-implantitis

The Perio Master Clinic 2017 features a strong series of presentations which has been put together by Stefan Renvert, the event's scientific chairman. Subjects include: how to treat peri-implantitis, when to treat and when to remove implants, how to handle aesthetic complications such as implant surface exposure, and how to minimise problems with dental implants.

More than 60 per cent of the places have been sold – register now

More than 60 per cent of the places at Perio Master Clinic 2017 have already been sold and there is a maximum of 600 participants for this meeting. Delegates can register via the EFP website: EFP members pay €450 while the fee for non-members is €590.
Historic hospital will host the Perio Master Clinic

The EFP Perio Master Clinic will be held at the Mediterranean Conference Centre, in the Maltese capital city of Valletta, overlooking the Grand Harbour. The conference centre is a sixteenth-century building that was formerly the Sacra Infermeria hospital of the Order of St. John (known as the Knights of Malta). It offers a quiet environment with all the benefits of modern technology.

It was 25 years ago this month – the meeting that created the EFP

The EFP has just celebrated its official twenty-fifth birthday. On December 12 and 13, 1991, at a meeting in Amsterdam, the federation’s constitution and objectives were formally adopted.
