Video of the month: 'SEPA Centre for Gum Health'

The Spanish perio society SEPA has launched a pioneering centre for gum health, as it seeks to encourage the prevention of gum diseases and other systemic illnesses linked to oral health. The Casa de las Encías (SEPA Centre for Gum Health) was formally opened on October 24 at a ceremony attended by EFP president Juan Blanco and leading figures from Spanish healthcare and politics. The society has produced a video (in English) to explain the work of the centre.
